

DELTA ACADEMY

Hudson Middle School

May 2016

Homework assistance is being offered every day between 3:00pm-5:00pm. Mrs. Snyder and Mrs. Starr are both available to assist all students who need help with their homework.

Project Based Learning...

Welcome to Funky Town

Currently the PBL class is working on a virtual town. Funky Town is an exciting way to get students to understand how a town comes together.

What is necessary for a town to function? The stores, the homes, the businesses or the utilities? How about all of the above and more.

Students are currently choosing the business they want in their group's town and researching what it takes to run this particular one.

MAD SCIENCE – Mad Science is themed around particular areas of science and include such topics as rocketry, magnets, polymers, and even the science of toys. FUN!!

COUNTDOWN TO SUMMER...

Let off some STEAM* this summer!

Summer Fun Projects and Field Trips to Support Continuous Learning and much more!

*Science • Technology • Engineering • Art • Math

Gulf Middle School (727) 774-8125

DELTA has so many fun learning activities and field trips planned for this summer. Please let management know if your child is planning on attending. We are also accepting 5th graders to join our summer program!!

Family Literacy Night:

Come learn about internet and phone safety for the safeguarding of your children.

When: May 27th, 2016
Where: DELTA Office
Time: 5:30 pm

ROBOTICS- Students will take on the role of Robotic Engineers and explore possible robotic careers. Students will research different types of robotics used in everyday life.

FLAG FOOTBALL- Students are learning about the importance of rules in flag football, how to work as a team, the meaning about being part of a team, how teamwork can be applied to other career aspects, and healthy living/personal decisions
