### Land of the Lost

Students have been studying a variety of lost civilizations, artifacts, and historically significant information.

This month students will be researching and designing, a museum exhibit containing displays that will depict lost things such as civilizations, art, animals, languages, and traditions.

### Did you say physical fitness?!?

Yes we did! Right now students have three different choices each day for some kind of physical activity! From Presidential Fitness Challenge club, to the Tennis Club, to Spark Activities!

In fact students recently learned how to play Kin-ball Sport, a game originally from Canada! The Object is to throw the kin-ball to the opposing team so that they can't control it!

### Summer Camp is getting Close!!!!

Who is patient zero? Can you find the cure?

**Do you have what it takes to be the top Survivor in July?**

Come form your tribe and strive to win the most challenges!
